Description
Game objective: Your aim is to put the "OBJECTS" (tap it to select) into the marked places – "TARGETS". Our "hero" will find a way automatically if it is possible in general! Don't get upset, if you think that you are in a impasse, because the undo button is available any time you want! Have a nice time and good luck!

The "Sokoban" is a shareware. Its usage duration is limited by first 10 levels in a free version and by 500 levels in a registered one.
